End-to-End GST InvoiceNow Compliance Platform

From E-Invoicing to GST Filing. One Platform. Total Confidence

Mandatory GST InvoiceNow is here. BDO helps you transform compliance with a technology-powered platform built for GST-registered businesses in Singapore.

ARE YOU FACING THESE CHALLENGES?

- Mandatory invoice transmission via InvoiceNow
- Complex GST rules and regulatory updates
- Manual reconciliations and Excel workarounds
- Resource constraints and rising costs
- Greater IRAS scrutiny and compliance risk

BDO's GST InvoiceNow Compliance Platform automates the entire workflow so you can focus on running your business.

OUR END-TO-END GST WORKFLOW

1. **E-Invoice Exchange**
   Real-time issuing and receiving of invoices and credit notes via InvoiceNow network
2. **GST Validation and Review**
   Automated GST classification and validation with rule-based exception handling
3. **GST Analytics and Reporting**
   Real-time insights, reconciliation and management reporting
4. **Automated Generation of GST Return**
   Automatically compiles validated transaction data into GST return for review and filing
5. **IRAS Filing (API)**
   Seamless API submission to IRAS

Fully Audit-ready | **Complete Audit Trail** | **Built for Singapore GST**

THE RIGHT SOLUTION FOR EVERY BUSINESS
