

End-to-End GST InvoiceNow Compliance Platform

From E-Invoicing to GST Filing. One Platform. Total Confidence

Mandatory GST InvoiceNow is here. BDO helps you transform compliance with a technology-powered platform built for GST-registered businesses in Singapore.

ARE YOU FACING THESE CHALLENGES?

Mandatory invoice transmission via InvoiceNow

Complex GST rules and regulatory updates

Manual reconciliations and Excel workarounds

Resource constraints and rising costs

Greater IRAS scrutiny and compliance risk

BDO's GST InvoiceNow Compliance Platform automates the entire workflow so you can focus on running your business.

OUR END-TO-END GST WORKFLOW

1

E-Invoice Exchange

Real-time issuing and receiving of invoices and credit notes via InvoiceNow network

2

GST Validation and Review

Automated GST classification and validation with rule-based exception handling

3

GST Analytics and Reporting

Real-time insights, reconciliation and management reporting

4

Automated Generation of GST Return

Automatically compiles validated transaction data into GST return for review and filing

5

IRAS Filing (API)

Seamless API submission to IRAS

Fully Audit-ready

Complete Audit Trail

Built for Singapore GST

THE RIGHT SOLUTION FOR EVERY BUSINESS

Choose the right solution for your business.

1. STARTER SOLUTION
